

UNPLUGGED MUSICIANS at TRINITY BELLWOODS FARMERS' MARKET 2026

It's a low-key, laid back, unplugged (no amps) situation. We prefer the music not to compete with market shopping vibe and ambient sound level. It's not so much a performative space.

Musicians are pre-arranged and scheduled to a maximum of once per month. If space allows a 2nd date. Only pre-arranged musicians receive the honourarium and if they show up and play their sets. Musicians may be declined if they show up on the day without pre-arrangement.

Arrival time for set up is 3:15pm. Ideally evenly spaced out 3-4 sets till closing at 7pm. Check in with management at info tent upon arrival where to set up by the Simon Bolivar statue.

A passive hat is allowed. We ask for no merchandise sales onsite. If you must cancel or are running late inform us ASAP.

There is no extra vehicle parking. The curbside pylons are reserved exclusively for our vendor vehicles.

We go rain or shine. If the weather turns we might have a spare tent available for musicians, but cannot guarantee. Optionally you can come under & share our info tent.

The arrangement is with you, meaning you can't spontaneously invite other musicians to join you without discussing and/or confirming it with management prior.

Any questions please do not hesitate to reach out.

Thank you!

Dawn & Carolyn
