

UNPLUGGED MUSICIANS at TRINITY BELLWOODS FARMERS' MARKET 2026 July

It's a low-key, laid back, unplugged (no amps) situation. We prefer the music not to compete with market shopping vibe and ambient sound level. It's not so much a performative space.

Musicians are pre-arranged and scheduled to a maximum of once per month. If space allows a 2nd date in a different month. Only pre-arranged musicians will receive the honourarium and if they show up to play their sets. Musicians may be declined if they show up on the day without pre-arrangement.

- 1) Arrive for set up is 3:15pm. Ideally evenly spaced out 3-4 sets till closing at 7pm. Check in with management at info tent upon arrival of where to set up by the Simon Bolivar statue.
- 2) The arrangement is with you, meaning do not spontaneously invite other musicians to join you without discussing and/or confirming it with management prior.
- 3) A passive hat is allowed. We request for no onsite merchandise sales.
- 4) There is no onsite vehicle parking. The curbside pylons are reserved exclusively for our vendors vehicles – do not park there.
- 5) If you must cancel or are running late inform us ASAP.
- 6) We go rain or shine. If the weather turns we might have a spare tent available for musicians but cannot guarantee. Optionally you can come under our info tent with us!

Any questions please do not hesitate to reach out.

Thank you!
